

ASSEMBLY INSTRUCTIONS

Description: Floor Lamp

Important Safety Instructions:

- For safety purposes, this lamp is equipped with a polarized plug (one blade is wider than the other). If the plug does not fit securely into your outlet, do not force it, contact a professional electrician. Use the plug with an extension cord only if it can be fully inserted into cord's socket. Never alter the plug in any way.
- These instructions are provided for you safety. It is important that they are read carefully and completely before assembling fixture.
- This fixture has been rated for to (1) 100-watt maximum TYPE A bulb (no included) or (1) 23-watttt compact fluorescent light bulb (not included). To avoid the risk of fire, do not exceed the recommended wattage.

Pre-assembly:

- Do not discard any contents until after assembly is complete to avoid accidentally discarding small parts or hardware.
- Remove all parts and hardware from box along with any plastic protective packaging.

Parts Enclosed:

Item	Description	QTY
A	Post 1	1
B	Post 2	1
C	Connector	1
D	Post 3	1
E	Lock	1
F	Covering	1
G	Marble Base	1
H	Wire	1
I	Protective plug cover	1

Hardware included:

Item	Description	QTY
a	Flat Washer	1
b	Nut	1
c	Open wrench	1

Caution:

- Read instructions carefully and turn electricity off at main circuit breaker panel before beginning installation.

Warning:

- Wires and cables are all attached (further wiring is not needed from consumer). When unpacking product, be careful to not pull wires as it may result as a bad connection. Do not plug into electrical outlet until lamp is fully assembled.

Note:

Turn the power off (unplug from the wall outlet) before replacing the bulb. Make sure the bulb has sufficient time to cool down.

Assembly instructions:

- Step 1. Unpack and place all parts on a surface or floor.
- Step 2. Attach the post 3 (D) through covering (F) to marble base (G) using (a) and (b), securely tighten by open wrench (c).
- Step 3. Insert the plastic connector (C) into the post 3 (D), then tighten the lock (E).
- Step 4. Pull cord from bottom of tube (D) to remove slack.
- Step 5. Screw the light bulb (not included) into the socket.
- Step 6. Remove protective plug cover (I) from the plug of wire (H)
- Step 7. Plug into proper electrical outlet and test fixture.
- Step 8. Assembly is complete.

To adjust the arm length (B):
Loosen the adjustment lock by turning counterclockwise and pulling out tube (B) to the desired length. Secure by turning the adjustment key clockwise until tight. You may need to feed additional cord from the bottom of tube (D) during this procedure.

● **Care Instructions:**

- Wipe with soft dry cloth only
- Always avoid the use harsh chemicals or abrasives as they may damage the finish

Thank you for you purchase
